Roads and Highways

Work on the Farmborough road drainage improvements are underway with a little delay due to more work being done, which can only be good news!!

Fly tipping has reared its ugly head in our area but due to the fast response by the council all was cleared in a matter of hours and some people being none the wiser.

AED

Both AED's are operational and were last checked on Friday 8th July.

Plans are in hand for an update course for those villagers whose certification is out out date. It is hope this will take place during the latter end of September.
